

Snack Defense™

Controls between-meal snacking, especially cravings for sweets.*

Balanced nutrition is a vital part of losing weight, but for many dieters, the biggest challenge isn't mealtime. The hours between meals may present the biggest temptation, because that's when the desire to snack sets in. Snack Defense™ is a scientifically advanced formula that provides all-day craving control against snacking.* This powerful product contains beneficial ingredients that suppress appetite and aid metabolism.* In addition, the combination of its key ingredients provide extra protection against the desire for sugar- and fat-laden sweets.*

One of the main ingredients in Snack Defense™, Chromium Polynicotinate, is an excellent mineral source of chromium and is known to support healthy blood-sugar levels and promote the metabolism of carbohydrates.* Garcinia Cambogia extract is a thermogenic ingredient that naturally suppresses appetite.* An incredible herb from the plant world, Gymnema Sylvestre, inhibits the absorption of glucose, or sugar, in humans.*

Recommended usage of Snack Defense™ is one tablet two times a day, but it can be taken day or night, anytime you want to fight the urge to snack.* By using Snack Defense™ every day, you will notice a decrease in your desire to snack and in cravings throughout the day.* If sweets are your downfall, then there's no better product available to help you reach your goal. You don't have to let your desire for unhealthy, calorie-rich snacks control you, because Snack Defense™ is here. For maximum benefit, Snack Defense™ should be used regularly as part of your preferred Herbalife weight-management program, and is an excellent complement to Total Control™ for overall weight-management support.*

DISCUSSION POINTS

- **Improved metabolism:** *Chromium Polynicotinate* promotes the regulation and maintenance of the body's metabolism of fats and sugars.* It's also known to support insulin in maintaining normal blood-sugar levels.*
- **Appetite suppression:** *Garcinia Cambogia* extract comes from a tropical fruit grown on trees in India. It has an organic acid that suppresses appetite and increases the body's production of heat through thermogenesis.*
- **Cravings reduction:** Snack Defense's™ unique blend of ingredients decreases cravings for between-meal snacks, especially sweets.*
- **Combine with other products:** For optimum benefit, use in conjunction with Herbalife's complete line of weight-management products.

DID YOU KNOW?

Garcinia Cambogia extract, also known as the Malabar Tamarind fruit, is used as an ingredient in Indian and Thai cooking. It is particularly characteristic of Southern Indian cuisine, where it's sour flavor and dark coloring are added to curries. Malabar Tamarind is also an ingredient in Worcestershire sauce.
